

Shop With Points - Terms & Conditions

Bilt Rewards members with eligible cards linked to their Bilt Wallet may use Bilt Points to pay for a portion of an eligible purchase at participating retailers. When you use your eligible card at a participating retailer, Bilt will provide participating merchants information about your account to determine if your purchase is eligible for a Shop with Points offer. If your purchase is eligible, you may be presented a redemption offer. You will have the option to accept or decline to use points towards your purchase. The redemption value of Bilt Points is determined by Bilt and is subject to change at any time in Bilt's sole discretion, in accordance with the [Bilt Rewards Terms & Conditions](#) of your Bilt account and applicable law.

Bilt will deduct the number of points for your redemption from your Bilt Rewards point balance upon purchase completion.

Bilt Points can be redeemed for a maximum of \$10 off per transaction per merchant. Purchases made with Bilt Points are subject to the applicable merchant's return and refund policy. Additional merchant terms below.

Bilt and participating merchants reserve the right to modify, suspend, or terminate this redemption program at any time without prior notice.

Participating Merchants

CVS®

*In store only. Points will be returned to cardholders Point Bank either in full or prorated based on the return amount. Minimum purchase amount to qualify for the offer is \$10.01. Points cannot be used for purchases at affiliated businesses such as MinuteClinic®, CVS at Target, Navarro®, Schnucks®, or CVS Optical or on alcohol, deposits, ephedrine/pseudoephedrine, gift card, local exclusions, lottery, milk, money order, other fees, postage stamps, prepaid cards, prescriptions and taxes. ©
